

IFLA Newsletter

December 2015

Dear IFLA friends,

Firstly, let me thank you all for your participation at the last conference at Cochin. Though the attendance was lower than usual due to the long distance needed for travelling, I trust everybody enjoyed the conference. I appreciate your active approach during the course of the conference and hope that the ideas discussed during the round table discussion will lead to fruitful topics for the upcoming conferences. You will find all presentations from the conference on our website.

I would like to especially thank our friends from Sundaram for their help, support and organization before and during the conference and also for showing us the flavour of the local culture, cuisine, atmosphere and surroundings. I'm sure that this was appreciated by all who attended.

Furthermore, your feedback has confirmed to us that this was one of our best conferences ever.

As you know, we are constantly trying to further improve the level of our conferences. One of the topics we plan to discuss at the Prague AC is how to find better ways to manage our statistics so it can give us more added values. As always, please send us your ideas and comments about the statistics and any other potential improvements before the AC so that we can incorporate them into the discussion.

Let me also lay out our planned IFLA events:

1. **AC in Prague** will be held between **25 – 26th February 2016**
2. Spring **AGM** will take place in **Vienna from 2 – 5th June 2016** with the following framework:

AC meeting: Wednesday evening + Thursday morning: AC dinner + meeting

AGM will start on Thursday June 3rd by lunch and will finish by sightseeing on Saturday June 5th

3. The **autumn conference in Italy** will be held between **10 - 12th November 2016**.
Currently we are trying to find the best place for the conference with our colleagues from Iccrea Bancalmpresa.

Please book your calendars accordingly.

There are no changes in the AC at this time. However, we plan to make some at June's AGM as the mandate of some AC colleagues will expire.

Thank you for your input regarding the new IFLA website. We plan to launch by the end of 2015 and hope you will enjoy using it.

Last but not least, I extend to all of you my best wishes at this Christmas and holiday time and wish you all the best for the New Year.

Yours sincerely,

Libor Bosák

President of IFLA
